IRIScan™ Pro 3 Wifi

Scan anywhere, share anytime!

Ultra-compact, lightweight and portable, the battery-powered IRIScan™ Pro 3 Wifi is the ultimate tool to beat paper. Perfect for scanning just about anything at home or on the go, it allows mobile users to easily capture documents, invoices, business/ID cards, receipts and more, without a computer!

As paper slips right through the sheet-fed scanner (up to 8 pages fit in the feeder), scans are saved automatically into the built-in memory and ready to be sent via Wi-Fi to your smartphone, iPad®, iPhone®, Android™ tablet, Windows® or Mac® computer.

No matter how high the pile of paper you need to scan, the provided world-renowned OCR software suite will extract all key information easily. Your documents are turned into fully editable files ready to be shared in the Cloud, and your business cards are saved as digital contacts within your favorite contact management system.

Key Features

Mobile scanner
- Cordless, battery-powered and very lightweight. No computer required to scan!
- 8-page automatic document feeder (ADF).
- Scanning speed: 8 pages per minute (300 dpi/color).
- Scanning resolutions: 300 or 600 dpi.
- Scan directly to JPEG/PDF.
- Directly save scans into the built-in memory (128MB) or SD card (up to 32 GB).
- Transfer files via Wi-Fi to ANY device (iPad®, iPhone®, Android™, PC, Mac®)
- iOS/Android™ Apps for easy Wi-Fi transfer to tablet & smartphone.
- Dedicated slot for business/ID/credit cards scanning.
- Scan documents directly into your computer via USB (TWAIN driver – PC only).

Powerful software suite
- Readiris™: OCR software – Convert any paper document, PDF, or image file into editable Office documents and upload to the Cloud in a click.
- Cardiris™: Business cards recognition software – Scanned business cards are automatically retyped and exported into your favorite contact manager (Outlook®, ACT!®, etc.)
