

PRESS RELEASE
Brussels, February 21st, 2008

On the occasion of their International Partners Meeting 2008

I.R.I.S. announces the worldwide release of the latest generation of scanning platform

IRIS Powerscan™

**The most powerful, easy-to-use production scanning and OCR solution
supporting most popular high-speed scanners**

**Unique multi-stream architecture
Supports scanners of all brands
at the highest speed (up-to 200 ppm)**

**Sophisticated on-line document separation and indexing
Advanced quality control features**

**Generation of a wide number of output formats,
including multi-page Tiff, jpeg2000, PDF,
fully searchable - PDF, PDF – iHQC™,...**

**Fully integrated with the I.R.I.S. IDR product line
That allows Invoice and Form reading,
automatic classification and Digital Mailroom.**

Brussels, February 21st, 2008 – I.R.I.S. Group, a publicly traded company (Euronext: IRI), market leader in Intelligent Document Recognition (IDR), Electronic Document Management (EDM) and Optical Character Recognition (OCR) announced today the launch of **IRIS Powerscan™ 8.0**. Based on a powerful architecture, IRIS Powerscan™ provides you with an exceptional feature set to become the most productive scanning, indexing and OCR solution in one product.

Here are some of the features IRIS Powerscan™ has to offer:

- Sophisticated document Separation, Identification and automatic Indexing, based on barcode, 2-D barcode, OCR and ICR
- Efficient quality control, document and page manipulation along with manual and OCR-assisted indexing
- Image hyper-compression^(*) and generation of Tiff, Jpeg, Jpeg 2000, PDF; signed or encrypted PDF, or even the new fully-searchable PDF – iHQC® format, containing hyper-compressed images and the full-text index of the document.

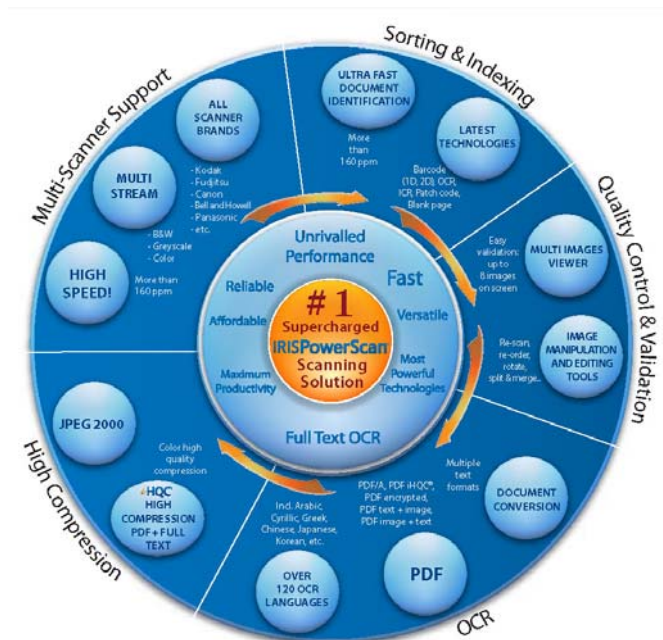

^(*) based on I.R.I.S.' newly patented iHQC® hyper-compression technology.

With a no volume limitation pricing model and the support of a wide variety of scanners of all brands; IRIS Powerscan™ is not only the most competitive solution for service bureau organizations, but also for the large and demanding customers.

Last but not least, IRIS Powerscan™ integrates fully with all other I.R.I.S.' Intelligent Document Recognition (IDR) products, such as:

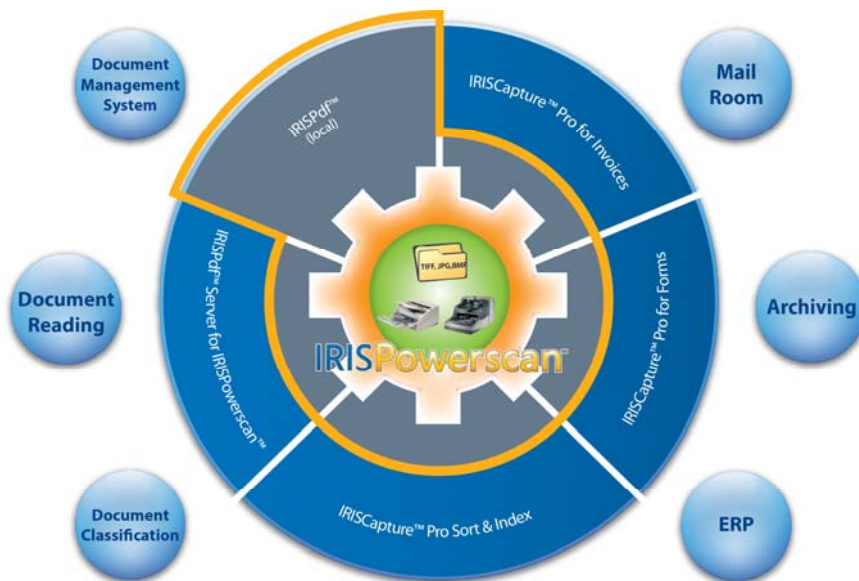

- Invoice recognition
- Form reading and free-form recognition
- Document classification and digital mailroom
- OCR and document compression servers
