

Date: 13June 2016

Dear Sir/Madam

Declaration of WEEE Conformity

Systech Electronics Ltd. (Systech) hereby declares that this shipment of wireless scanner mouse meets the requirements of the Directive 2002/96/EC on the Waste from Electrical and Electronics Equipment (WEEE).

This means that the shipped units, which must be recycled or handled separately, are marked with the WEEE label in accordance with Directive 2002/96/EC Waste from Electrical and Electronic Equipment. This symbol is also replicated on all product outer transport packaging containing electrical and electronic equipment as applicable.

Additional reference to the end user obligation to the recycling of WEEE at EOL (product end of life) is made under our company standard terms and conditions of sale and is signified within the standard data information as specified within our standard sales invoice with each order raised. Systech's distributors are obliged to register waste in accordance with their national legislation, which may also require them to accept scrapped equipment from end users and dispose of it according to their national laws.

Sincerely,

Patrick Lee / CHIEF EXECUTIVE OFFICER
