

IRISPen™ Executive 6

You scan, it types.

The IRISPen™ Executive is a full-featured text recognition pen scanner. It works just like a highlighter! Simply slide the pen over printed information from newspapers, magazines, faxes, letters, etc. and the text is automatically imported into your computer, right where your cursor is located.

Key features

- Text and numbers recognition.
- Clever voice synthesis.
- Cutting-edge barcode recognition.
- Scan images in grayscale.
- Multilingual solution (128 languages recognized).
- Up to 3 different user profiles.
- Complete integration into almost any application (Word, Excel®, Pages®, emails, etc.). The pen works like a keyboard emulator.
- Keyboard shortcuts.

Key benefits

- **Printed & handwritten text and numbers recognition**
Get words, sentences, paragraphs and numbers off of any printed material into your computer. Even handwritten text and numbers are recognized!
- **Clever voice synthesis**
The IRISPen™ Executive 6 comes with a smart voice synthesis in 10 different languages, allowing you to hear your scanned text directly.
- **Cutting-edge barcode recognition**
19 barcode types recognized, including CMC7!
- **Scan images in grayscale**
Logos, signatures, etc. Any small graphics can be quickly scanned and imported automatically into your computer.
- **Multilingual solution**
The OCR engine recognizes 128 different languages.
- **Smart wizard for easy processing**
Text, numbers or small images? Whatever you need to scan, the intuitive wizard guides you through the process.
- **Up to 3 user profiles**
Easily create up to 3 different user profiles according to your retyping needs.
- **Unlimited applications**
Word, Excel®, Pages®, Numbers®, TextEdit, etc. You name it! Simply place your cursor into your favorite application, and the scanned text, numbers or images will automatically appear at the cursor position. No integration needed!
