

# IRIScan™ Anywhere 2

## Scan anything, anywhere & without computer.

Cordless, battery-powered and compact, the brand-new IRIScan™ Anywhere enables on-the-go users to easily capture information from all kinds of documents when away from their computer. Ideal for today's mobile lifestyle, it turns document management into a child's play.

The sheet of paper is simply zipped through the cordless and very lightweight A4 scanner, and the scanned image is then either saved in the built-in memory, on a SDCard™ or on a standard USB key. No driver installation is needed! Once back at home or in the office simply insert the SD card into your computer, and the scanned documents are directly imported into I.R.I.S.' flagship OCR software Readiris™ 12 or into one of the other powerful software included (compatible with both PC and Mac®).

### Key Features

- Cordless, battery-powered and very lightweight. No computer needed to scan.
- No driver installation needed.
- Scan up to 100 A4 pages on battery mode.
- Only 10 seconds to scan a page.
- Choose your scanning resolution (300 or 600 dpi) in a single click.
- Directly save JPEG file to SD™ card, standard USB key or internal memory (512MB).
- Free 2GB SD™ card on demand.
- Convert any paper document, PDF, or image files into digital files you can edit, index and share thanks to the included OCR software Readiris™ Pro 12.
- Scan your business cards and use Cardiris™ Pro to manage your international and middle-east contacts and send them to your contact manager : Outlook®, ACT®, Lotus Notes®,etc.
- Scan your pictures and edit them easily thanks to Roxio Photosuite® 9 for I.R.I.S.
- Scanner compatible with PC, Mac®, Unix® and Linux®.
- iPad® compatible (with SD™ card adaptor for iPad®, not included in the box).
